CRAA rules in athletics Wins 4 gold on the 4th day

Though he was only an add on to the athletics team after garnering only a silver medal in the recent regional meet, choosing Jarvin Renz Debarido is a blessing. Also a first timer in the Palaro, he won his first gold yesterday for the 400 meter hurdle with a clocking of 58.26 seconds. Richard Gerna of Region IV-B comes next with 58.30 seconds to garner his silver and Joefer Tagalicud’s bronze with 58.32 seconds.

Debarido disclosed that his parents were athletes in their younger years. His mother, Veronica, was a volleybelle while his father was a basketball player then. This 16 year-old shy boy from Sultan Kudarat is determined to continue being an athlete even if he enters college.

The last two gold were garnered by the two young boys from the Athletics Boys-elementary. Arnulfo Sab, and Jether Molina owed their winning through hardwork and discipline.

Their Coach Lito Gozo said that these two boys were dedicated in their practice.

“*Magaling talaga ang mga batang ito. Masipag silang magpractice at kahit hindi mo sabihan, sila na ang kusang nagtitraining.*” Coach Gozo said.

Sab, 13, a new graduate from Cahilsot Elementary School in General Santos is already a second – timer in Palaro. He disclosed that he landed only on the sixth place for the same event in last year’s Palaro at Puerto Princesa Palawan.

TACLOBAN CITY – As the heavy rainfall poured in at the Leyte Sports Complex, four athletes from Region XII bagged four gold in a row on the fourth day, their first ever in Palaro.

Reynalyn Pabelo won her first gold in Long Jump with a distance of 4.98 meters. She left behind the silver medal to Michelle Palmares of Region IV-A with her 4.97 meter and Florence Acacio’s 4.91 meters for bronze.

A five-time Palaro player in running events since her elementary grades, Pabelo tried her luck to jumping events this year. Her greatest achievement was only a silver medal.

Her coach Noli Pabilico saw in Pabelo a potential in long jump and true to his words, she ultimately won a gold medal this time.

In tears, he thanked his parents and all the constituents of Region XII and his hometown Koronadal City for the support they have given to her.

Kitchen staff, the unsung heroes of Region XII

AT the wee hours in the morning while others are in deep slumber, they are already on their own posts. Others started to pound meat, slice fish, cook rice or even go to the market to buy fresh fruits and veggies for the day.

Not a single gold or even medals are expected of them, but they are the unsung heroes of Region XII.

The kitchen staff.
The 26–strong member of the kitchen cabinet of South Cotabato Division paraded their way through Leyte to serve the athletes of this year’s Palarong Pambansa.

Situated at the Tanauan School of Crafts and Home Industries, they made their makeshift kitchen and started their way to serve the gold medalists, coaches, chaperons and delegation officials.

Their day starts at 3 o’clock in the morning. They rest their tired limbs at 11 pm.

Every members have their own tasks to do.

Dr. Carmelita Cabarubbias, a dietician and the Mess Supervisor prepared the meal plan for the whole duration of the Palaro.

Romeo San Pedro is the Co-

Chairman of the Kitchen Personnel with **Herbert Lavente, Ismael Bation, Emillano Centena, Quirino Nevesteras, Norberto Nobre, Manuel Marcelino, Dante Lagne and Melinda Cueva** as members.

Ramon Dagnaos, heads the rice–cooking with **John Ariel Delfin** and **Romeo Fernandez** as members. **Arnel de la Cerna** heads the athletes mess hall with **Elizabeth Nobleza, Cynthia Gregorio** and **Editha Neones** as members. In-charged of the official mess hall are **Estela Bastareche** with **Rosemarie Pacheco** and **Cherry Nerpiol** as members. The marketers are **Lilia San Pedro, Ronil Resurrection, Leonida Lumanta** and **Felicitas Amorganda**. Marketing Assistant for COA is **Cora Enseñales** and **Ray Lloren** as Sanitation Officer.

With a budget of P1.7 million for the whole duration of the Palaro, they shall serve 545 hungry stomachs each day, three meals and two snacks per day for only P175.

Others may not understand how they managed their tasks but they are the dedicated Home Economic teachers and staff of the host Division.

No one could belittle their expertise in handling the kitchen. Others have served as one of the kitchen cabinets even during the first Palaro was held in South Cotabato in 1996.

Prior to this sports event, they managed the kitchen during the provincial meet. CRAA meet proper, the 40 day training proper for the Palaro at the South Cotabato Sports

Complex and until here in Leyte province.

Just like in sports, dedication and hardwork are what they have in handling their tasks.

“We leave our families for a long time, but seeing our athletes win is already a pay off for all our sacrifices.” Ariel one of the kitchen staff said. (HST)

Determined to win the gold on his last year in the Elementary Division, he finally got what he hoped for.

“Kahit high school na ako this school year, ipagpapatuloy ko pa rin ang practice para mamaintain ko ang pagiging gold medalist.” He said.

The last medal garnered

yesterday in athletics came from Jether Molina, a 13 year –old shy boy from Ned, Lake Sebu. His triumph is not only an addition to the region’s medal tally but a pride to South Cotabato. He is the first to bring gold medal for the province this year and hopes to win another gold today in the 1,500 meter run. (HST)
